RE: Notice of lien claimed by Sun Coast Plumbing Co., Inc. against mineral property owned by BP Exploration & Production Inc. to secure payment for labor and materials supplied to Delta Engineering Corporation for the Perdido Regional Development Spar.

To Whom It May Concern:

This letter serves as written notice that Sun Coast Plumbing Co., Inc. ("Sun Coast") claims a lien against mineral property ("lien") on offshore oil and gas fields located in the Alaminos Canyon region of the Gulf of Mexico. These fields include Great White, Silvertip, and Tobago, and are located on Alaminos Canyon blocks 812, 813, 814, 815, 856, 857, 858, 859, 900, and 901. It is my understanding that the above fields are being developed by the Perdido Regional Development Spar ("Perdido"), the topside of which Sun Coast provided labor and material.

Sun Coast contracted with Delta Engineering Corporation ("Delta") to provide material and labor for the construction of living quarters to be attached to the hull of Perdido and used in the production of oil and gas. Delta is a Texas corporation located at 16415½ Jacintoport Boulevard, Houston, Texas 77015. Delta worked on the Perdido living quarters under a contract with Shell International Exploration & Production, who was acting as the agent of mineral owner Shell Offshore Inc. as well as every other mineral owner from which Perdido will produce oil and gas. Sun Coast has provided material and labor to Delta for which it has not been compensated and remains unpaid in the amount of \$656,885.22. Therefore, Sun Coast is entitled to a lien against the mineral property for which it provided labor and materials.

All offshore mineral leasehold interests developed by Perdido are subject to the lien claimed. Specifically, a lien is claimed against BP Exploration & Production Inc.'s leases numbered OCS-G 24593, OCS-G 17561, OCS-G 20862, OCS-G 20870, OCS-G 17565, OCS-G 17570, OCS-G 17571, and OCS-G 17566 located on blocks 812, 813, 814 (W/2), 856, 857, 900, 901, and 858 (E/2) of Alaminos Canyon respectively. Sun Coast claims this lien to secure payment for labor and services rendered to Delta for the benefit of all mineral property owners of the fields developed by Perdido. A lien affidavit will be filed no earlier than ten (10) days from the date this notice is served.

Please feel free to contact me with any questions about this lien notice or Sun Coast's involvement with Perdido. Please also direct further correspondence regarding this matter to the undersigned as attorney for Sun Coast.

Very truly yours,

Robert F. Galtney
